Nonlinear Ritz Approximation for Fredholm Functionals	أ.د.مظهر عبد الواحد عبد الحسين	1
Two-Mode Bifurcation in solution of perturbed nonlinear fourth order differential equation		
Lyapunov-Schmidt reduction in the study of Bifurcation solutions of nonlinear Fractional differential Equation		
On Bifurcation of periodic solutions of nonlinear fourth order differential equation		
Two Modes Bifurcation solutions of elastic beam equation with nonlinear approximation		
A Method for finding nonlinear approximation of bifurcation solutions of some nonlinear differential equations		
The numerical solutions of nonlinear partial fractional differential equations by using Laplace Transform-Modified Adomain decomposition methods	أ.م.د. حميدة عودة مزبان م.د. فائزة لفتة حسن	2
Summation- Integral Bernstein type of natural network operators	أ.م.د. علي جاسم محمد	3
BIFURCATION ANALYSIS AND CAUSTIC OF SIXTH ORDER NONLINEAR DIFFERENTIAL EQUATION	أ.م. مرتضى جاسم محمد	4
LYAPUNOV-SCHMIDT REDUCTION IN THE ANALYSIS OF BIFURCATION SOLUTIONS AND CAUSTIC OF NONLINEAR SYSTEM OF ALGEBRAIC EQUATIONS		
Lyapunov-Schmidt Method in Bifurcation Solutions of Nonlinear Fourth Order Differential Equation		
Adomian Decomposition Method for Solving Some Models of Nonlinear Partial Differential Equations	م. عبد النبي حسين علي	5
The Maximum Principle and Error Estimate of The Upwind Finite Volumes Method for Nonlinear Convection-Diffusion Equation	م. شيماء عبد الحسين كاظم	6
